

# Hostelzhub - Easy to use hostel management system

- **How to Sign In**

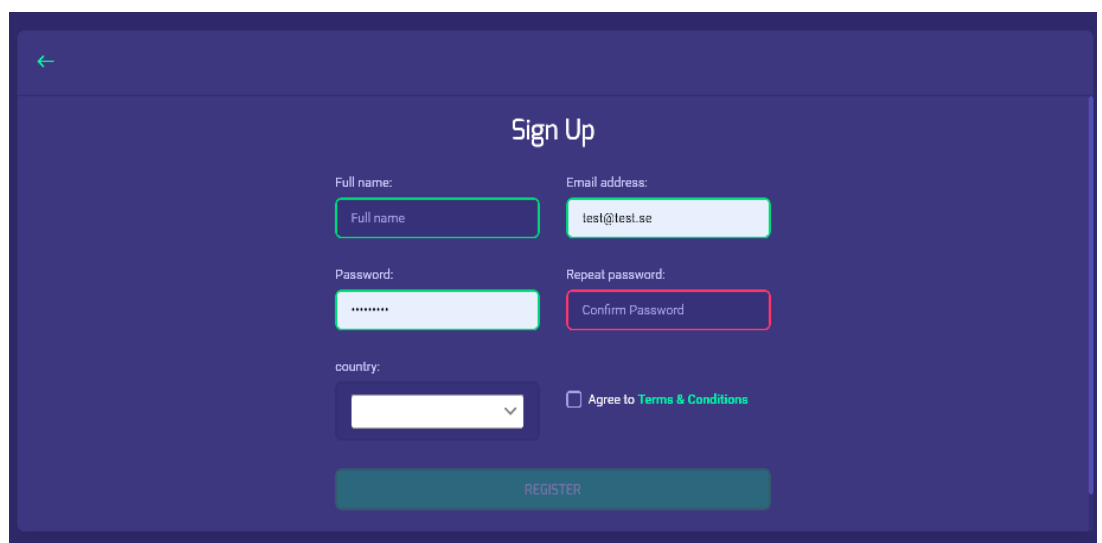

- Open <http://www.hostelzhub.com>
- Click on login
- Enter email and password as shown in the picture

A screenshot of the 'Sign In' page from the Hostelzhub website. The page has a dark blue background. At the top left, there is a green back arrow. The title 'Sign In' is centered at the top. Below it, a subtitle reads 'Hello! Sign in with your username or email.' The form contains two input fields: 'Email address:' with the value 'test@test.se' and 'Password:' with masked characters '\*\*\*\*\*'. Below the password field is a link 'Forgot Password?'. At the bottom of the form is a green 'SIGN IN' button. Below the button, there is a link 'Don't have an account? Sign Up'.

- **How to Sign Up**

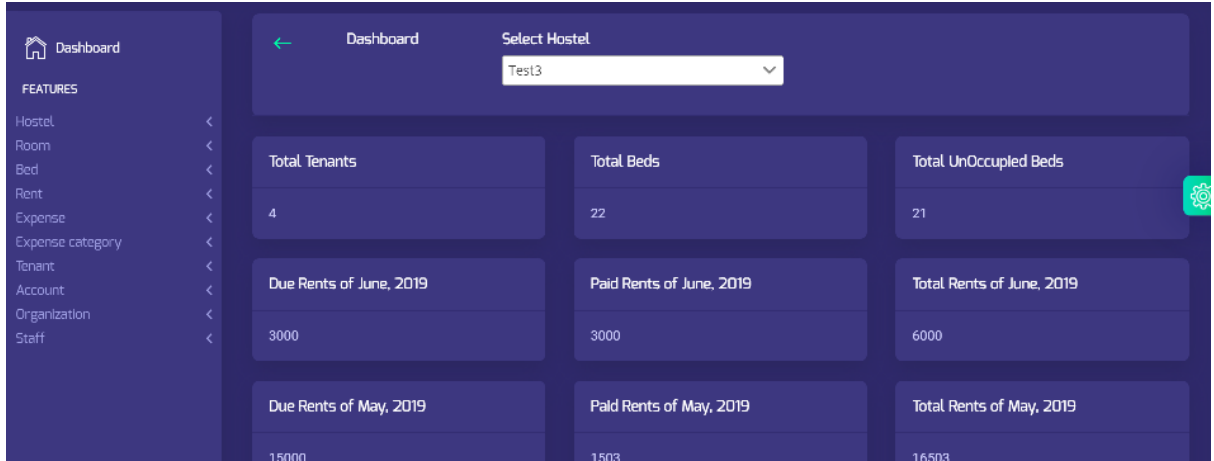

- Open <http://www.hostelzhub.com>
- Click on Free trail and enter info as shown in the picture
- 

A screenshot of the 'Sign Up' page from the Hostelzhub website. The page has a dark blue background. At the top left, there is a green back arrow. The title 'Sign Up' is centered at the top. The form contains several input fields: 'Full name:' with the value 'Full name', 'Email address:' with the value 'test@test.se', 'Password:' with masked characters '\*\*\*\*\*', and 'Repeat password:' with the value 'Confirm Password'. Below the password fields is a 'country:' dropdown menu. At the bottom of the form is a green 'REGISTER' button. To the right of the 'country:' dropdown, there is a checkbox labeled 'Agree to Terms & Conditions'.

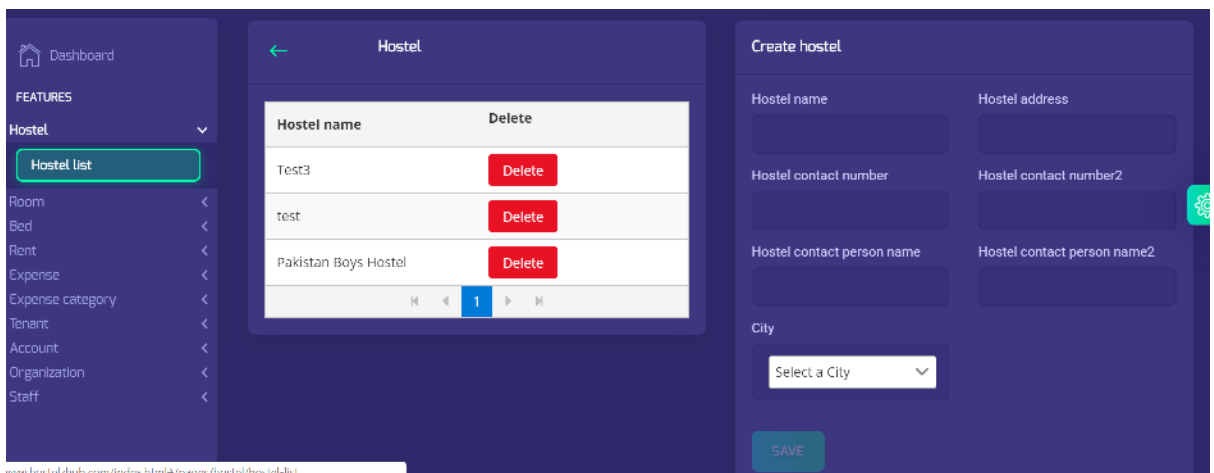

- **Main Dashboard**

- **After login you will be on main dashboard as shown in the picture .**

- **After first time signup, you need to update hostel info, create rooms and bed as shown in these steps. You need to do only one time. Follow these steps**

- **Step 1, Update hostel info**
  - **Click on Hostel, hostel list in left menu as shown in the picture. Your name will be shown, click on hostel and update hostel address, contact number, city and click on Save.**

- **Step 2 Generate multiple rooms and beds**
  - Click on Room in left menu
  - Enter info and click on save. This will generate rooms and bed. In order to see rooms, click on Room list .

The screenshot shows the iHostel dashboard with a dark blue theme. On the left is a sidebar menu with options: Dashboard, Hostel, Room, Bed, Rent, Expense, Expense category, Tenant, Account, Organization, and Staff. The 'Room' menu is expanded, showing 'Room list' and 'Generate Room list' (highlighted with a green border). The main content area is titled 'Generate multiple rooms and beds' and contains a form with the following fields:
 

- Hostel: A dropdown menu with 'Select a Hostel'.
- Starting room number: A text input field.
- Room floor number: A text input field.
- Room remarks: A text input field.
- Room rent: A text input field.
- How many bed(seat) in a room: A text input field.
- Rent per bed: A text input field.
- How many rooms to create: A text input field.

- **Step 3, Create Tenant. Or Room allotment.**
  - Click on Tenant list and enter info and click on save.

The screenshot shows the 'Create Tenant' form in the iHostel dashboard. The sidebar menu is the same as in the previous screenshot, but the 'Tenant' menu is expanded, showing 'Tenant list' and 'Tenant create' (highlighted with a green border). The main content area is titled 'Create Tenant' and contains a form with the following fields:
 

- Hostel: A dropdown menu with 'Test3' selected.
- Tenant name: A text input field.
- Tenant mobile: A text input field.
- Tenant email: A text input field.
- Tenant vehicle number: A text input field.
- advance deposit( security): A text input field with '0' entered.
- Tenant emergency person: A text input field.
- Tenant bed number: A dropdown menu with 'select bed'.

- **Generate rents for all tenants**
  - **Every month you will generate rents.**

The screenshot shows a web application interface with a dark blue sidebar and a main content area. The sidebar contains a 'Dashboard' link with a house icon, followed by a 'FEATURES' section with links for 'Hostel', 'Room', 'Bed', and 'Rent' (which is expanded). Under 'Rent', there are links for 'Monthly rent list', 'Yearly rent list', 'Generate Rent list' (highlighted in green), and 'Generate Rent single'. Below this are links for 'Expense', 'Expense list', and 'Expense create'. At the bottom of the sidebar are links for 'Tenant' and 'Account'. The main content area is titled 'Generate rents for all tenants'. It contains a 'Hostel' dropdown menu with the text 'Select a Hostel'. Below this are two input fields: 'Rent Month' and 'Rent Status' (with a dropdown showing 'due'). There is also a 'Rent Due Date' input field showing '06/23/2019'. At the bottom of the form is a green button labeled 'SAVE MULTIPLE RENT'.

- **How to Create expense**

The screenshot shows a web application interface with a dark blue sidebar and a main content area. The sidebar is identical to the one in the previous screenshot, with the 'Expense create' link highlighted in green. The main content area is titled 'Create expense' and has a back arrow icon. It contains several input fields: 'Hostel' (dropdown showing 'Test3'), 'Category' (dropdown showing 'Internet Bill'), 'Expense Name' (text input), 'Expense amount' (text input), 'Expense description' (text input), and 'Expense Date' (input field showing '06/23/2019'). At the bottom left of the form is a green button labeled 'SAVE'.
